SECRETARY OF STATE

TITLE 228 - DEPARTMENT OF LABOR
CHAPTER 14 - SEATING AND CARRYING DEVICES

001. This chapter is adopted pursuant to Neb. Rev. Stat. §48-1803.
002. Tubs, cars, chairs, seats, gondolas, and other carriers used on rides or devices shall be designed and constructed as strong as practical.
003. Interior and exterior parts with which passengers may come in contact shall be smooth, rounded, free from sharp, rough, or splintered edges or corners, and with no protruding screws or projections.
004. Parts upon or against which passengers might be thrown by action of the ride shall be adequately padded to prevent or minimize the possibility of injury.
005. Propellers or other moving parts or decorations attached to tubs, cars, chairs, seats, gondolas, and other carriers shall be securely fastened to such equipment and keyed or otherwise secured so that they cannot come off during operation of the ride.
006. Vanes, canopies, or other attachments which may become disengaged shall be secured with safety straps to prevent their flying away in case of breakage or dislocation.
007. Bungee jumpers shall be secured to the bungee cord at two separate points on the jumper's body.
